I have very fond memories of my Aunt Sylvia. Because we were close in age we were more like sisters growing up and there are many memories that are not appropriate to share to the public. She had an influence on me growing up. I babysat for Larry when he was a baby while she was bowling. The many nights I walked the floor with him led me to do the same with my children! I moved away and haven't been around for the rest of her children but from what I see posted on facebook they are beautiful and have turned out to be very good people. I regret that I haven't seen her since the last funeral that I came for several years ago. Blessings to the family who have been dealing with this disease. It is hard when it is family. I loved her and the rest of my family and miss them all very much.
