“ my heart is standing still and frozen in time at the sad news of the passing of my niece Nikki , so many great memories , so many great times , so much love she gave to all . in everyones life there are good and bad memories. but , the good one’s way out number anything else. Nikki was always there to help anyone .her love for all was infectious , she gave all , she wanted to help all . if you needed a dollar and thats all she had , she gave it to you. i have so many memories of phone calls , talks , just hanging with or being with her . remembering baby sitting her and Ira when they were little while Betty was working and taking them to bingo with coloring books and crayons . Nikki , you grew into a loving woman with love for all . rest assured that you were loved from so many people who’s heart you touched . i am so sorry i live so far away and cant be there with you , i will miss our phone calls and conversations especially the ones we had about my personal life. you have no idea how much of my life has advanced just by your advice. i do wish more people saw that side of you . i am sending all hugs to encircle you on your final journey to peace . R.I.P.my dear Nikki. until we see each other again , fly high and strong. you left your footprint in the sands of time. rest now you are home
