“ Anne was my foster mom. I never called her by her given name, she was just mom. I was one of her last foster children, and she changed my life. Her, and Dad showed me what a loving family is. Even though I was only a foster child she treated me like I was her child, and I never felt like an outsider. She touched many people in her life, and she will always be remembered with love. She never let anything get her down, and always had a smile on her face. She taught me many things in my short stay there, but what I never forgot was the value of family. She will always be mom to me, and she will always be in my heart.

Love You Mom,  
Sylvana

“ Anne was my Nana. I always knew her as that. She had such a warm smile and loved a good laugh. I'm very glad her great-grandchildren, my children Stephanie and Nathan, got to know her at least a little bit while she was with us. Be at peace Nana...
