“ I knew Barbette for so long I can't begin to count the years. When I moved to Florida she flew here to visit me and then when she had her daughter I flew home to meet her and we all was had the greatest visits together but as we got older we lost touch with each other and I tried finding Barbette again and then I received the news she joined the angel's in heaven so now I know she has found me and will see her one day in heaven. I will all was love Barbette as she would give the shirt off her back to anyone. Rest in peace and all was know people loved you around the world.

“ Barbette was a childhood friend. We mostly played imaginary games. We spent a lot of time at her house clowning around. Usually Larry was part of our play. It is great to hear about her adult years. As a kid, she was always full of life. I am so sorry for the family's loss. 60 is too early.

“ I have known Barbette for several years now, and have always enjoyed her love of life. She always had a smile anytime I saw her. She was so caring and concerned for everyone around her, especially her fur babies. She will be missed tremendously.

“ It is with heartfelt sadness in losing Barbette. May you find comfort in knowing she can rest now. I have such fond memories of our times together. If it wasn't for Barbette dragging me out to a tracker pull, I would have never met my wonderful husband of 28 years !!! Not to mention she had special passes to see Willy Nelson and we all got a hug & kiss from him ! We had so much fun and once in awhile got in a little trouble !! I know that may be hard to believe !!! We laughed, cried and yelled at each other... but always stayed friends despite living far apart. I will cherish the times we had and never forget Barbette. One day we will meet again my friend, rest in peace. Luv you...

Barbet was a special person and the world is a little less brighter without her in it. She always lit up the room wherever she was.

“ *Barbette was a neighbor and friend. She was a caring and unique person. She was there for me when I needed her. I never met her daughter Desiree, but I know how much she loved her and I feel as though I know her from the way she talked about her. I have many good memories and I will miss her.*
