“ *Brett was a long time customer of mine. I could always look forward to seeing him as he had me laughing the whole time. He was such a great guy.*

“ *My condolences to Wayne and his Family. I remember Brett as a cool little brother to Wayne, not a pesky little pain in the neck as I was to my siblings !*

“ Hey Brett...I wanted your family to know that I have been thinking alot about you and the memories of growing up in the projects, all of us with single moms who raised good people. What a support system they must have been for each other, we as kids just didn't realize how hard it must have been ya know? I smile when I think back on you, Jeff, Bobby and Steve,the best of buddies, how you survived with the three of them I don't know, you were always the quiet one of that group, you probably wondered yourself how you stayed out of trouble most of the time ;) I remember your soft spoken mother Lillian, I dont think I ever heard her raise her voice! It was mostly you and Wayne, your older siblings were grown and gone by the time we met you. I remember your super wavy hair, parted down the middle and that little mustache you seem to be born with lol ;) You were my "boyfriend" for about 5 days, when Steve was dating Margie for about 2 weeks...All this time both living in NT and never seeing you although we talked of you often, esp when Stevie came home from Texas.
You always think there is more time...
hugs to the Cozad family
trust that this is not the end...
Love,

“ Dearest Brett, as I sit here thinking of you,tears fill my eyes. I think about our lives together as kids. I think we were very lucky to have grown up in the projects. We lived close together and that made us family. Seeing you at Moose Millers wake after 30 years or so made me realize that love doesnt go away with time. When we hugged I felt all those years apart changed nothing. I am so thankful that we reconnected, if only for a short time. You will live on in my memories, I love you Brett.....until we meet again.....Karen

“ Uncle Brett, you were an amazing, generous, kind man. I remember you coming over for Super Bowls and other family events. Gosh, you could talk forever and always had a story to tell. Every family dinner, every little visit, I'll remember your laughter and your voice and your smile.

When I walk across the stage in May, I'll be thinking of you. We'll always be thinking of you.

Love you, Uncle Brett,

“ Brett,

My precious brother. I still can't believe that the inevitable has separated us in this way. I know that it is a part of God's plan and that I must accept it. There are just so many memories of our lives together as brothers. Living at Gram's, Moving to and growing up together in the Projects with Mom, Going to school together at St. Marks and NT, Growing up together in NT, Working together at Ultra Tool. You knew my friends and I yours. If we could talk about them one more time we'd share a lot of laughs again. There were just so many good times with our friends when we were younger, so many I could never stop you at Foosball even though you'd tell me what shot was coming and I'd be buying the beer all night if I tried to beat you at pool. I can hear Steve and Jeff laughing, particularly Steve! Allegheny we knew it inside out and going the same week with the Demler's every year was a blast. Our building at Courtside housed the Miller's, the Koepsell's, the Demler's, the Swans and of course us. How it is still standing I don't know! Those were simpler times my brother. How I loved sharing them with you! So here I am. Broken. Trying to summarize what it was like to be your brother. Looking for a different way to say "I Love You" and that I am missing you dearly. I know I will heal. I know why you meant so much to other people and how kind you were when someone truly needed a hand. There were people you would go the extra distance for. You understood and helped. I want others to know we were blessed to have you in our lives and that I was truly blessed to be able to call you my brother. My God how you will be missed.

Brett, I Love You.

“ *Brett,
I don't know how to begin to say good-bye to such a dear brother. I will miss the pictures you'd send of the deer, fish and places around town and the pictures of your meals! I'll miss your voice and kind heart. You're loved and it is so very hard to lose your earthly presence among our family. I must try to find "the peace that passes all understanding".
Steve wrote that one of his memories was of Mom waiting at the door for you when you came home. Well, I picture her waiting at the door for you one last time and so, so glad to have you home!*

*My precious brother, I love and miss you beyond words.
Love, Carole*

“ *"Charlie" haven't heard you called that in years. It brings back so many memories. Our two families did a lot together and for that I'm glad. They say your first friends are family and that's so true because we know each other in more ways than one. I'm so glad we got together the last time we were in town and had a great time. Took pictures to remember it and I'll always cherish them. Now your rejoicing in heaven and what a reception you must have had. I love you cousin.*
