“ Love you Bry. The Universe is much less cool without you. You've always been closer to me than my own brothers. I'm glad we were able to get together over the last few years, it's time I'll always cherish. Miss you. My heart goes out to Kullen and Linda and Kathy and the rest of the family. Love you all.

Oh, boy Brian. It's hard to believe that the man I thought of as a brother growing up is gone. Way too soon. And I will never forget you hitting on me at the Greatful Dead concert when I was in college. :^) Rest in peace and say hi to your Mom for me.
