BP

“ Dear family & friends of Carol, I worked with Carol at Chevy and altho we had our differences at times, she was great to work with and a good nurse. As she joins that great spirit mass whose footfalls cause no sound, may you be consoled with the pride of her service to mankind. Chaplain Bill Poole

LS

“ I am sorry for your loss.  
I worked with Carol every other weekend at BGH on the IV team. She was a wonderful and kind women whom I enjoyed spending time with. We even carpooled to work together as I too live in NT. May God rest her soul, and your memories of her live on with you forever.
