MY

“As the oldest grandchild, I have had the honor of knowing you for the past 34 years. As each year passed, I learned more from you than you could ever know. You taught me how to live a life fully devoted to God, how to work hard, never take anything for granted, and to always be proud of what you have. You displayed each of these things to us every day. You loved each of your children and grand children and were so proud of us even when we did or said things that even we weren't very proud of. You were the hardest worker I will ever know, you sacrificed unselfishly for your family and were always willing to help us in any way that you could.

In the last 6 years, I watched your role change from Grandpa to Great Papa to a little girl who thought the world of you. She was your side kick and you were her best buddy. You made her laugh (a lot), held her when she cried, and played with her and loved her until the very end. Each day was brighter because you were there to get her off of the bus. She loved you and will love you forever. There is no doubt in my mind that she will always remember you, you were there to take care of her from the time she was 8 weeks old when I went back to work until you went home to be with Jesus. Even when you were sick and lying in bed she insisted on staying by your side. She loves Jesus, she loves her family, and she is a devoted and hard worker in everything she does (qualities that she learned from you). As she grows Kim and I will continue to pray for her that she never forgets the things that she learned from you (Proverbs 22:6 - Train up a child in the way he should go, and when he is old he will not depart from it). You were the role model every child should have the opportunity to learn from.

Even though you are no longer with us, there is absolutely no question that you are standing in the presence of our heavenly father. You worked your whole life for that very moment when you

took your first breath in heaven and Jesus looked at you and said "Well done, thou good and faithful servant". We are so sad that we wont have you with us anymore, but are rejoicing with you in knowing that you are at peace and have no more pain. Watch over us, until we meet again. As our own departures from this earth will be richer because we know that on that day when we meet our heavenly father you will be there with him to greet us as we walk through those heavenly gates.

I love you Grandpa, but will not say good-bye because this is not the end. I will see you again! So until then, see-ya later Grandpa...I LOVE You!
