“ *My heart goes out to all the family. I was sad to hear of your loss, I've known Moose my whole life.*

“ *Thank you to all that came to say goodbye, WOW the impact that one person leaves behind. My father always would tell me, if you do something wrong, I will know about it. Thank you all for the good laughs about our childhood, Im sure their are many more stories. My father was the Archie Bunker type of man, he would say how he felt about something or someone. I remember my father taking my son Brandon for a few days every summer, well Grampa left memories of what NOT to say. He was a great Grandpa. We had good laughs on 4th of July, Im glad we spoke two weeks ago, when I was lost in Lockport and you spoke to me by phone, you guided me in the right direction and we parted by saying "I LOVE YOU" GOODBYE, GOODBYE for now, I will see you again in my dreams. Light a white candle and say a prayer for my father to have peace and cross over to the other side.*

“ Jimmy,

I am so sorry for your loss. He was a one of a kind type of guy. Awesome man. I will always remember Moose with a smile. Thank god we only have to go thru this kind of loss once in our lives. I know how sad this is for you and my thoughts are with you and your family. I wish there was something that could just get you past this grief and onto the happy memories. Hang in there till that time comes.

“ To Becky and family:

It was just a month ago I saw Moose and Becky up at Smokin' Joes. Said "hello's, great to see ya", then off they rode on his Harley. Almost thirty years I've been in the Phelps/Miller family and I wish I had known you better. You were always a great guy and I know how heart-broken your family must be. RIP Moose.....

“ *To Becky and my cousins: I am so sorry about your dad. I have very cool memories of him when we were all kids. Even though we had gotten distant in the past years, I always had hope that the family would someday reunite and be like it was when we were little. Somethings will never be, but we will always have our memories. I will be there for you if you need a shoulder to lean on. Love, Barbie*

“ Dave,

Where do I even begin? We have so many memories together, its hard to pick the favorites. I'll miss sitting on the porch eating apples and blue cheese together. Or hanging out in the yard, under the tree, watching the kids play. You were there for me when Heath worked nights and Casey had colic-I knew I could always walk over and you would be there to listen to my frustrations. I'll miss our talks, I'll miss how you called me 'kiddo'. Casey will always be your 'blue eyes' and Tay will always be 'your little girl'; and everytime they lift their shirts and say "my drum!" I will smile and think of you. You had the best stories to tell, and you'll never know how many times Heath and I would reshare them and laugh. You loved us unconditionally, and even though you and I are generations apart, I'll always feel like we had a special understanding between the two of us. I'll even miss the jokes about the damn ground hogs. Everytime I hear a Harley I'll think of you. Your missed more than you know. I love you.

“ *"I always remember Dave as one of my excellent neighbors in the projects. I can still see him pulling away on his Harley or just sitting on the front porch. And yes, the scanner which was always going came in handy one particular night for Steve and I. He was someone I looked up to. I don't know how else to say it but he was "Moose"! If you grew up around him like I and others did in the projects you know how much that meant.*

To his family, I am so sorry for your loss... May He Rest in Peace.
