“ *Freddie, rest in peace. Many years ago I was friends with your brother Jeff. You were like the big brother I never had. We went to countless Sabres games usually on Sunday evenings followed by a trip to Pat's hotdogs on Sheridan drive. You drove us to summer basketball and many other events. I was always in awe of your 68 mustang cobra jet that was always in pristine condition. Thanks for everything you did for us and May you rest in peace! You were a good man Freddie, I will always remember you!*

Freddy was a first cousin. His father was my mother's (Pauline Pasel Witkopf) brother. I'm sorry to read of his passing.
