“ When we moved to Schultz we did not know who our neighbors would be. Boy did we luck out with George! His knowledge and friendship is immeasurable. I will miss seeing you on the tractor (for hours) or building something just for the sake of creation, or fixing anything anyone brought you ‘cause you just knew how!! George is the example to all of us of common sense, honesty and integrity. We are grateful to have known you. May your spirit live on!

“ George was a good friend, good soulmate to my sister, good father, good honorable man.
He will be so missed! He was loved by many and I will always be grateful for our friendship. Big loss to our family and all who knew him. God bless him and May he Rest in Peace.

“ I am grateful I was blessed to have a Papa like you. You taught me so much throughout the years. From ice skating, to math equations, but the most important lesson you taught me was to stay positive.

It's very hard in this situation to stay positive. I know you weren't your best self in the end. You were in pain, you couldn't do things you loved doing.

Your guidance in life is what made me who i am today. I hope you're looking down and you're proud of who I am.

You can rest in peace now.

I love you papa and always will.

“ So sorry to hear this :(I started working at Praxair in 1998 with George in the boiler room. He was a great guy, very intelligent, and would help anyone do anything plus teach them the tricks of the trades that he knew. He will be sadly missed. Sending my condolences to his whole family.
