“ Dear Mary & family, I will be thinking of you in my prayers. As the days go by, may the happy memories you have of your mother, sustain you in your time of sorrow. Love, Val

“ What a delight it was to have "Grandma Helen" with us at Glenwood Village. Her sweet smile and quick laugh made her easy to love. She liked to curl up in her big chair and talk about her VERY handsome husband and the beautiful children and grandchildren they had.

Helen was always ready to dance with me, and that is how I will remember her!

“ *The door to grammie's was always open. The smell of chocolate chip cookies and warm tea greeted you as you entered. Her smile and hugs would soothe you and make you forget all your problems. She was always eager to help whenever we needed her. Grammie was a jack of all trades, she could fix anything with a vice or a cup of tea.*

“ *Many of us have so many wonderful memories of "grammy", it's hard to pick just one! It was wonderful to see her face light up when she would talk of her family, or reminisce about North Tonawanda. She added a little spice to our day, and kept us on our toes. She will be missed.*
