“ What a tragedy. Jason was one of the nicest guys I ever met. Last time I saw him was at karaoke night at Dooley's, he didn't get up and sing but we all had a great time. So sorry for your loss, my thoughts and prayers are with his family and friends. Rest in peace Jay!

“ Jay you are already missed so much. You never knew a stranger and could always make everyone laugh.
Thank you for being there for me through some really hard struggles. Having you to chat with and laugh with has always been a blessing. Thank you for listening when we talked about you working less and enjoying life more so many years ago. I will miss you always. Our thoughts and prayers are with Debbie, Katie, and your family and friends.

“ *I met Jason on Kohl St in North Tonawanda when I moved in with my Dad and stepmom around late 1983. I remember meeting him and we hung out and played football outside, traded baseball cards and played Nintendo together. We ended up moving a year later and he came out to my house in Freedom in 1985 and we wrote letters to each back and forth but as we got older we drifted apart. I found Jason on Facebook a few years back almost 30 years later and we could never hook up to talk about old times when we were younger. I send my condolences to everyone who ever had the privilege of meeting him. These times I was around him even so long ago are memories I will never forget.*

I remember Jason when he was a little kid because I worked many years with his mom on Pediatrics at Degraff and stayed in touch with her when she was in the ER..my husband worked with his dad many years ago on the ambulance...Roger and Janet there are no words that I can say that will take away the pain or the heartache that your family has endured over the past year but know you are in my thoughts and in my prayers....jason, you were one of the sweetest kindest kids I had a chance to know..you had your mom's bubbly personality and grest sense of humor. You were taken away much to soon and will be grealty missed by all who knew you..to Jason wife and family I send my condolences at this very difficult time...RIP Jason

Upon meeting Jason at camp, Vern and I soon discovered he had the gift of laughter, not only for himself, but shared it with everyone he met. We enjoyed seeing him and listening to his many adventures. He will be sadly missed but left us with happy memories and looking back, surely still a laugh or two!
