“ Though I only know Larry for a short time, I was always in awe of his strength and faith. Despite the challenges he faced, Larry always maintained the spirit of a fighter, sure he would succeed. My deepest sympathies to the entire family at this difficult time.

“ *Larry is one of the kindest and most uplifting men we have ever had the privilege to meet. When Larry was present, the energy in the room soared to new heights. He brought a profound joy into our hearts whenever we were together. We are deeply saddened by his death, but we rejoice in the fact that he is no longer suffering and that he is with the God he loved so faithfully. Just looking at his smiling face brings joy to our hearts. May God bring solace to your broken heart Patty and to your familyA.*

*All our love,
Mark and Andrea*

“ *To my friend Sharon and her family. I am so sorry for loss. Such a bitter pill to swallow. You have shared a great love with your brother, and he with you. Just know that he is no longer hurting, but smiling upon you, and wishing you the will to go on.*
