“ Linda has been a great friend and coworker at Elections for the last few years. I will miss her, I had just talked to her Saturday, I still can't believe she is gone. I miss her already and will never forget her laugh and the good times we shared.

“ Linda has been a light in our lives since I was a teenager. But after my girls were born she has been there for them in every way possible. Then when they had their own children she continued that love and support onto them. We can't even articulate how much our whole family will miss her. But it's not just us, she has been a giver all her life and did many good things for people with no credit. That was her life. We just hope she is without pain and with all the others that she loved, including pets, that have gone before her❤️

Linda was a very selfless person you could have known. She would never say NO when you asked her for anything. Will miss working elections with you. RIP

Oh, Lucky it is still so hard to believe you have left us all. You were not just a friend to our family you were part of our family. We have so many memories from the past 50 years of our lives from walking up the stairs to Doc. Warthling's office for a cleaning to all the birthday's, Christmas eve's at Katies and Nick's birthday when he was little. You helped every time we called if our mom Sue McLernon needed something at the house. You selflessly took care of all our Pet's and loved them as much as we did. There will never be another Lucky in this world you were a very special person and the Best friend anyone could ever ask for. We will miss you Lucky duck. Rest in peace I am sure your Mom was glad to see you and our Mom too. We Love You - The Hosmer's, McLernon & Bell Family's
