“ *Poet to Poet*
Wordfaery

*Though our eyes have not met
Nor have we exchanged audible words
Somehow our souls have connected
Transcending time, space, life*

*To say I don't long to satisfy my senses
With your presence would be untrue
Oh how I would that I could hear you speak
The words you have so eloquently put to page*

*Yet if we never meet
I will own no regrets
For you have sung to me at midnight
from a far-off distance
Knowing not how I cherish the tune
Only my soul can hear*

*For that I will ever more be grateful
That our lives have touched
However slightly
Poet to poet, and
Friend to friend*
