“ *This wonderful woman adopted me when I was 5 years old. She physically abused me daily for over 11 years. She kind-fully beat her own biological Children and the foster children she would take in and use as slave labor in the fields. Her husband smoked himself to death because she physically and verbally assaulted him daily. Most favorite topic of her tirade was Glenn sleeping with one of the foster children. She walked in on them. Yes what a lovely woman she was. I hope she suffered long and painfully. Marie, you always complained about the cold bothering your arthritis. I'm sure you're quite warm and hope you enjoy hell. 🙄*
