“ May 17, 2025. I woke up this morning dreaming about my friend Mario from high school and college. I looked him up on google and just found out he had passed. Mario and I talked for about 3 hours around the year 2000 or 2001 after I found him thru and cousin Eugenia and then thru his brothers wife who sent my phone number to Mario. We got caught up. I had been trying to find him again. My deepest condolences to his family. Love, Herb Massie CMU 1970.

“Babe you are my best friend, my goofball and most of all my soulmate! I don't know how I will go on without you by my side physically but you will forever live in my heart. We shared so much of the good things that life has to offer and we were looking forward to so much more future happiness together. I know you would say "you are so gracious, " welcoming your family into our happy home and it has been an honor and great comfort having them near. It saddens me that you are not able to share this physically but I know in my heart that you are with us. I will forever be grateful for the unique love that we shared that is so rare to some. Thank you for allowing me to come into your life. You will forever be a part of me and dear to my heart. I love you baby.
Your Betty

My heart is broken for Dominick. Tony must have needed you, Mario. I know you guys are up there in Heaven together playing Chess and solving math equations and going for a daily run. I am sending my heartfelt condolences to all that are left with grief. Thinking of Dominick and Betty and those faithful dogs. Mario you will be greatly missed.
