“ We have some recollections of her life growing up at the Edgewater BEach Hotel and would like to print a photo of her that is not copyrighted. This is for an arcadia book about the hotel and her memories are very significant. it appears that most of her photos are under copyright. we are board members of the Edgewater Historical Society and have zero budget to pay for photos. it would be anice tribute to have a photo and one of her quotes from Adam Langers article about the hotel. contact me at [www.edgewaterhistory.org](http://www.edgewaterhistory.org)
