“ *Melissa, My dear sister you have no idea how much I will miss you. Our last phone call the day before you left us, we talked about when I came home from vacation. Charlie and I would be there for you. How I wish that could be, I'm so sorry that I wasn't there in person for you recently, I will carry that forever. You were a one of kind person that would help anyone in anyway you could. You stated how it was, but your kindness was far superior to anyone. The pain of your loss is horrible, you were taken from us way too soon. May you have no pain, be happy, and be with Dad. I know that I have a angel looking down, and watching over all of us. I will miss you forever, I love you. Your sister Paula.*

“ *I knew Melissa since about the age of 16. As most people so often do, we lost contact after graduation, but a few years back we re-connected. We started a "girls gather" where a few of us girls would get together over the holidays, but that slowly dwindled. Melissa always made me laugh. She had a way of telling a funny story, with a straight face and a touch of, that made the story that much more hilarious. She will be missed by many. We all know she is in a better place.*

“ *When I was about four years old, I was welcomed to this family through marriage, and I was lucky to have this beautiful hearted, loving woman become my Aunt Melissa. From her very first day in my life, until her last, she gave me nothing but love, and that's because that is who she was. She cared so much about everyone around her. She did what she could to make the lives of others better. I will never forget the times I shared with her. From family functions, to our little day trips to the aquarium or darien lake, vacation, and our little sleepovers. Sometimes we sit back and wonder why things happen the way they do, and we will never really have the answers to those questions. I know now that she is in a place where she no longer has to suffer, but she will be greatly missed. Aunt Melissa, you will always have a place in my heart and I will never forget all you have done for me and the family. I love you dearly!*

“ *My Aunt Melissa was one of a kind. She was always there for you when you needed it and even if you thought you didn't need a helping hand she was still there. She loved everyone as if they were her own child and those people were better because of it. I'll always remember her voice and her laughter and it will bring a smile to my face. I will remember the good times that we shared although there should have been many, many more. Aunt Melissa, thank you for always believing in me, I appreciate it more than you will ever know. I love you and will always keep you in my thoughts. Love, Tracey.*

“ *Mom,*

I love you so much. I already miss you more then I could ever imagine possible. I'm still in a state of shock that you were taken away from all of us at such an early age, but these last few years have been very hard on you, and I am just glad that you don't have to suffer anymore. I am so sorry for all those times that I wasn't a great son, sometimes I just took for granted that I had such an amazing mom. I will always remember the awesome times we had together. You always talked about how you just want me to be happy and be successful and I want you to know that I won't let you down, I'm going to make you proud. I know that even though you won't be here in a physical form anymore, you will still be there to guide me along the way in life. Thank you for everything you've done for me.

*Loving and Missing you forever,
Your son,
Justin*

“ *melissa was my younger sister and we had our ups and downs over the years. But in the past few months we were tight really really close seen each other almost ever day, talked sometimes 15 times a day. I am so grateful for our time together and that I could help her before and after her surgery. I will miss her humor and big heart for the rest of my life. Though I am glad she is no longer in pain and she is with my dad. I Love you Melissa.*

“ *Ms Marriott carried so many different names to all of us that it's hard to find one to settle on. But I'll always remember her as justins mom who would do anything for any of us. Through thick and thin she was always there with a smile and whatever help/ advice she could offer. She was a friend to everyone, and I'm proud to say a great mother to Justin and all of his friends. Words cannot describe what she meant to me personally, but it's sufficed to say she will be greatly missed... Let us not mourn her passing, but celebrate her life because she touched so many... Although I miss Justins mom deeply, I will always cherish the time and memories I shared with her. Ms Marriott treated me as a son, and I care for her like a son, I will never forget what a great loving person she was, and I can only hope that I have as much of a profound effect on others lifes as she had on mine.*

“ *I was in kindergarten when we first met. We were friends from that day on. We did give our parents a run for the Money; we got in trouble a lot. Overall, we turned out to be children a parent could be Proud of after all. I can only say we should have stayed closer after school ended and I moved away. However, life happens and we all move on. We in the last year reconnected thanks to face book and I am grateful. We had planned and cancelled many a date to see each other. My schedule changed often due to surgery schedules or work. In addition, the fact I am sole caregiver to my mom 94 and a friend 92 so much of our connection was on face book IM.*

~I miss her and am a bit mad at her for leaving us. I was the sick one I was to go first. She cheated she won... Please know I am not upset with her I just miss her.

Please hug each other and yes tell them you love them regularly for I love you all now and forever.

My friend is gone but the love I have for her will live on in me until I meet her again.
