“ To my dear beautiful friend, You have been a sister to me for over 25yrs. We have laughed together and cried together. We have shared our life secrets with each other. You have blessed my life in so many ways. The biggest gift that you blessed me with was all the time we spent with the boys, they were funny at times, quite crazy and at times there were even some scary days at the hospital with one of them. We got through it all. I will miss you dearly! No more daily calls no more asking me to help you solve your crossword puzzle. I will mend my heart on this side while you are free to sore in health and happiness. Until we meet again on the other side. My you dance with the Lord!

*I love you babe,
