“ I met Renee on New Year's Eve 2017. I remember having so much fun that evening. Each time after that, whenever I saw her, it was like we were old friends and picked up where we left off. She was a wonderful and beautiful person inside and out. I am so sorry for your loss.

“ I would like to extend my condolences to Renee's family. I knew Renee from work for about 12 years and whether it was just passing by her desk or helping her with errands outside of work, I always enjoyed spending time with her. She was a great person and a good friend and she will be dearly missed.

“ Renee was such a major factor in my life and the life of her sons. I've always admired her courage and her strength. Her love of music and her ability to see the best in others. She touched so many lives for the better and I am so deeply sad I couldn't tell her how important she is to me and to all those whose lives she made better, just by existing.

Forever Loved. Forever Missed. Forever a part of my soul.

“ To say that I am completely devastated is an understatement. Renee was such a special person to me. We always had so much fun whether it was just at work, going out to lunches or having a drink at my house. When I spoke to her a couple weeks ago she was so happy and doing good and that's what I will hold in my heart. We promised to get together when we were allowed again and I'm so sad that we'll never get that chance. I'll miss you more than you'll know. To Nathan...if you need anything please call me.
