“ I was very sorry to hear about the passing of my old scout master and good friend of days past. Many years passed and yet he was still willing to help me out with the referral to an old canoe camp in Ontario. That trip was the most memorable for my son. It did everything for him that my own scout trip did for me years ago. Mr. Keller and Mrs. Keller were always the anchors to a loving family that never failed to support the kids of the community. Each and every day we walked past that house on the way to school. Each and every day it was the home for the kids after school. Bob's passing is heartfelt. He made a significant impact in my life. My best wishes to the entire family . May he rest in peace.
