“ I'll really miss Ted. He was my colleague for many years at CCI/Nortel in Rochester. Ted was, simply, fun to be around and to work with. I mostly remember his good humor and positive attitude towards life. He always had hearty laugh for his friends and a kind smile for all. He always had time for others, and could be counted on for a clever insight for a technical problem, or a wise and gentle comment into the ways of the world. I'll always admire Ted's professional skills and his warm and generous nature.

“ Ted had such a pleasant attitude toward life. Talking with him was always a pleasure. He smoothed some days at CCI. His sense of humor was quietly present at every moment. He will be missed.

“ Uncle Ted was a Great Man !! Always kind and willing to help anyone. The wonderful smile he always wears and you knew he was up to something. Uncle Ted loved to have 'little projects' to do and I am blessed to have some of his wood pieces that he made for us. With his signature on them they will be a masterpiece forever. In my heart Uncle Ted is always so very special. I admired him for all he could do, I always looked forward to his stories but most of all the warm hugs he always had for us. He will live forever in my heart and thoughts. He is at peace and has no more pain. Thank you Jerry and Anna for taking such wonderful care of Uncle Ted after his stroke. I Love You Uncle Ted. Now go have fun with Aunt Sue and Dorothy !!!! Lunch time...
