“ my heart goes out to all of you. even tho i didn't see ginger very often, in the many or so past years, she was always in my thoughts and prayers. she was a very special friend. many, many years back we had some good times together, then we both got married and kind of got busy with our own families. tom and will always remember our visit to jay and surrounding areas. it was a fun time, cooking those lobsters, and hearing them squeel in the pot. you were most hospitable. i enjoyed our visits inbetween when you would come to nt for family functions. and i am so glad we got a little time to visit on the 21st. it wasn't nearly long enough, however. i will surely miss ginger's Christmas cards w/her up to date messages of how her family was doing. i Love you ,ginger and will surely miss you so. John, i love you too, so keep in touch. you are both so very special. we're here if you need anything.
