*My condolences to the family
I had only met Sonny a few times but oh did I know a lot about him.
You see my brdt friend, Brenda Mahon was his only daughter and often
talked of the love she has for her Father. He was kind, humble, giving,
proud and loving. And that's just a few things I can mention. I will be
here for Brenda as she always is for me and send sympathy to all
family and friends. We lost a great man.*

“ My sweet grandfather,
You were the kindest, gentlest man I have ever met. You went above and beyond for your family. Papa I could sit here and write a thousand pages about how wonderful you were but that still would not come close to covering just how truly amazing you were. Your devotion to not only the lord but to your wife and family was something fierce. You always lit the room up when you walked in. I'll never forget the wonderful memories I have of you. You were such a prankster & your one liners will forever make me giggle. . You did many great things in your lifetime and you touched a lot of people's hearts. I don't know if I will ever truly heal, life is going to be extremely hard without you. I would do anything to wrap you in my arms and hold you ever so tightly. It makes me feel the slightest bit better to know that you are not in any more pain. Please continue to watch over us all and help us get through this horrific time. . You always told me that one day this would happen, I never wanted to believe it and I still do not. . You will FOREVER be in my heart & on my mind.
Until I see you again papa Rest In Paradise ❤️❤️
