“ As a student from school 76 for many years. You were an amazing teacher who motivated many including myself. To hear about your passing was a big shock to me that I cried pretty hard. You were an amazing person and you were like a legend to me. I wish you a happy birthday Mr Welsh and rest in peace. May you play your sweet music with the angles above.

“ With deepest sympathy to you and all of Bill's family here on God's earth. Know that Bill is standing side by side with Gabriel blowing his horn and making a Great sound unto our Lord. Bill is enjoying his reward as it is promised to us all.

We so enjoyed and loved our Concert with Park Side Brass last Sunday and are so Blessed to have found a friend in Bill and all the others.

God fill your hearts with happy memories to help you through these coming days and months.

“ *Our condolences to Janet, Billy and Kate.*

The good news is Bill was weclomed by the trumpets of Heaven to his new home with our Lord.

We'll miss him but will be with him again singing in the choir of angels.

Try not to shed a tear but open an ear and you'll hear him playing in heaven.
